

Everyone Needs Someone To Love

Cliff Richard

Everyone needs someone to love
I do, you do
Somebody's angels up above sent down
To comfort and cherish you

Everyone needs someone to love
So let me love you tonight
Please don't be afraid
I'm so certain it's right
Darling that's why people were made, believe me

Everyone needs someone to love
I do, you do
Why can't we love each other?

Everyone needs someone to love
I do, you do
Somebody's angels up above sent down
To comfort and cherish you
Everyone needs someone to love
I do, you do
Why can't we love each other?
