

# Falling for You

Cliff Richard

I was getting used to being alone  
Thought it was my fate  
And I was happy living life on my own  
Without the heartache

Then I saw your face  
And my whole world turned upside down

Now all I want is you  
And no one else in this world will do  
It's crazy but it's true  
I'm falling for you  
(I'll still be falling for you)  
I'm falling for you  
(I'll still be falling for you)

You put the feeling like I'm walking on air  
Am I dreaming?  
Loving you is not a wing and a prayer  
It's the real thing

And I will love you till the sky falls  
And the oceans have run dry

'Cause all I want is you  
And no one else in this world will do  
It's crazy but it's true  
I'm falling for you  
(I'll still be falling for you)  
Yeah, I'm falling for you

And when we fill our lives  
With all those countless memories

I'll be loving you  
If it's the last thing I ever do  
You know it's crazy but it's true  
I'm falling for you  
(I'll still be falling for you)  
Yeah, I'm still falling for you  
(I'll still be falling for you)  
And keep on falling for you  
(I'll still be falling for you)  
I'm falling for you  
(I'll still be falling for you)  
(I'll still be falling for you)  
When the oceans have run dry  
I'll still be falling for you
