

First Christmas

Cliff Richard

This time of year we celebrate
The birthday of the King
A miracle sent down to us
To give us everything
One late night some shepherds came
With presents for the Child
Led by a star wise men came too
And worshipped Him most high

But that first Christmas
God gave a present to us
Jesus Christ, His only son
Who brings us peace and joy

We give gifts to friends and family
We receive them too
But don't forget that Jesus is
The greatest gift to you
To men and women, children too
We hope that you will see
Happiness in dreams come true
And everlasting peace

But that first Christmas
God gave a present to us
Jesus Christ, His only son
Who brings us peace and joy

But that first Christmas
God gave a present to us
Jesus Christ, His only son
Who brings us peace and joy
