

Good Times (Better Times)

Cliff Richard

Pa pa pa pa pa pa pa pa
Pa pa pa pa pa pa pa pa pa

Good times, better times
Everything is coming up roses
Good times, better times
I said everything is coming up roses

Boom boom boom, can you hear my heartbeat
Bang bang bang, like the sound of a big bass drum
Way down down, I can feel you love me
Big big times, even better times to come
I can hear music, stand a various strings

Oh yeah, beautiful music
I'm in love (Love) love (Love)
I love the good times you give to me
Ding dong ding, hear the churchbells ringing
Boom boom boom, now the whole world's singing: Good times

Pa pa pa pa pa pa pa pa
Pa pa pa pa pa pa pa pa pa
Way down down, I can feel you love me
Big big times, even better times to come
I can hear music, stand a various strings

Oh yeah, beautiful music
I'm in love (Love) love (Love)
I love the good times you give to me
Ding dong ding, hear the churchbells ringing

Boom boom boom, now the whole world's singing: Good times
Good times, better times
Everything is coming up roses
Good times, better times
I said, everything is coming up roses
Good times, better times
Everything is coming up roses
Good times, better times
I said, everything is coming up roses
