

Imagine Love

Cliff Richard

I'm in no hurry
I really feel I have time on my side
So don't you worry
It must be hard for someone to decide

I'd like to help you
But it's up to you to choose
But I know, I know if you can be strong
I can belong to you

Imagine me, imagine you
In love with everything we do
Believe me when I say we can last forever

Imagine now it's our only chance
And there's a fortune in romance
And the future for your heart can feel lonely
Imagine love
Imagine love

I feel so sorry
'Cause you've outgrown the someone you used to love
And then you worry
How far you'll go and what you're capable of
Think of the good times so you'd rather die than lose
But I know, I know if you can be strong
I can belong to you

Imagine me, imagine you
In love with everything we do
Believe me when I say we can last forever
Imagine now, it's our only chance
And there's a fortune in romance
And the future for your heart can feel lonely
Imagine love
Imagine love

Imagine love...
