

Two A Penny

Cliff Richard

I'm not two a penny
There's just one of me
I'm not two a penny
Any fool can see
That I'm gonna make it big
And I won't wait too long
I'm gonna get there my way
Right or wrong

I'm not two a penny
There's just one of me
I'm not two a penny
Any fool can see
That I'm gonna hit the top
I'm gonna have my say
And here's a warning, Mr. World
Don't get in my way

People come and go
But they don't seem to see
What you want from life you take
It's all for free
Just watch me

They're all two a penny
Getting nowhere soon
They're all two a penny
Reaching for the moon
But I know I'm not the same
My aim is oh so high
Two a penny's not for me
It just won't satisfy

People come and go
But they don't seem to see
What you want from life you take
It's all for free
Just watch me

They're all two a penny
Getting nowhere soon
They're all two a penny
Reaching for the moon
But I know I'm not the same
My aim is oh so high
Two a penny's not for me
It just won't satisfy

Get out of my way, world
Out of my way, world
I'm on my way, world
Out of my way, world
Get out of my way, world
I'm on my way, world
Out of my way, world
