

What's More (I Don't Need Her)

Cliff Richard

She knew I'd take her side
In everything she did
Even if it might be wrong
And that's why she stayed so long

She doesn't know it yet
And I don't see how I'll tell her
That she doesn't need me
And what's more, I don't need her

We discovered what love means
Then watched it fall apart
It's hard to be apart
I don't know what I'll say
But I'll have to think of something
'Cause she doesn't need me
And what's more, I don't need her

Even this morning lies
Steals through the window
I see our love go
Can't she see it, too
Just the way I do
Oh but she'll have to

It's seems a shame to say out loud
The things I know are true
But what else can I do
We should have known
That it had to happen sometime
That she doesn't need me
And what's more, I don't need her
