

What've I Gotta Do

Cliff Richard

What've I gotta do to make you love me, love me
What've I gotta do to make you really care
Things will change someday
And I'll have my way
And I know you're gonna love me, love me

I ask you to the movie show
I even buy you flowers
The same old thing you stand me up
And I hang around for hours

What've I gotta do to make you love me, love me
What've I gotta do to make you really care
Things will change someday
And I'll have my way
And I know you're gonna love me, love me

I ask you out each Friday night
To try to have some fun
But every weekend it's the same
I'm the lonely one

What've I gotta do to make you love me, love me
What've I gotta do to make you really care
Things will change someday
And I'll have my way
And I know you're gonna love me, love me

I'm gonna keep on asking you
'Til the time has come
When you turn and say you'll be
That I'm your only one

What've I gotta do to make you love me, love me
What've I gotta do to make you really care
Things will change someday
And I'll have my way
And I know you're gonna love me, love me

What've I gotta do
What've I gotta do
What've I gotta do
What've I gotta do...
