

## Amerita / Sense Of Direction

Climax Blues Band

There's a lady 'cross the water  
She's driving me from my home  
Oh her name is Amerita  
And her faces are many more than one

Though she dragged me from the country  
Spinning stories of fortune and fame  
Though she new she didn't want me  
Tell me lady Amerita what's your game?

Say I go wondering, wonder only seven  
Don't you lose your sense of direction  
Lose the way to go

She's leaving in the morning  
She's leaving 'round about seven  
Hope she don't lose a sense of direction  
Lose the way to go
