

# I'm Ready

Climax Blues Band

Well, I'm walkin' in the darkness  
And the cold light hits the street  
And this man comes up with his face on fire  
Wanna start a fight with me

I am ready, I'm ready  
I am ready, ready to go  
I am ready, I'm ready  
What you got in store?

When a woman on her tiptoe  
Come waltzin' through the door  
And she holds me secret soul desire  
Honey, look no more

'Cause I'm ready, I'm ready  
I am ready, ready right now  
I am ready, ooh, I'm ready  
What you puttin' down?

Ready right now

If you're lookin' for somebody  
To be your Mr. Everything  
There's no need to sweat for the best you can get  
You just wheel the money in

And I'm ready, I'm ready  
I am ready, ready to go  
I am ready, ooh, I'm ready  
What you got in store?

I am ready, I'm ready  
I am ready, ready to go  
I am ready, I'm ready  
What you got in store?

I am ready, yes, I'm ready  
I'm ready to go  
I am ready, I'm ready  
What you got, what you got in store?

I'm ready  
I am ready, ready to go  
I am ready, I'm ready  
What you got, what you got, what you got in store?

I'm ready, ready to go  
I am ready, ready  
Tell me what you got in store for me, baby
