

I didn't wanna be a doctor
I never really wanted to teach
I never saw me bein' a preacher
'Cause they don't practice what they preach

I never wanna be a liar
I prefer to speak the truth
I never bought into the legend
'Cause no one ever found the proof

There's one thing I know
That is so natural
It's the one thing I can't get off my mind
It's so hard to let go
Somethin' so natural
That's my music, my music

I didn't wanna be a builder
If every city looked the same
Ain't no point in makin' anything at all
When nobody remembers your name

I didn't wanna sail the ocean
I'll have my feet on solid ground
I never really liked the notion
Of findin' people that don't want to be found

There's one thing I know
That is so natural
It's the one thing I can't get off my mind
It's so hard to let go
Somethin' so natural
That's my music, my music

There's one thing I know
That is so natural
It's the one thing I can't get off my mind
It's so hard to let go
Somethin' so natural
That's my music, my music

Ooh, there's one thing I know
That is so natural
It's the one thing I can't get off my mind
It's so hard to let go
Somethin' so natural
That's my music, my music
