

Jigsaw Man

Clinic

mother melted in the fridge
mother melted with the gifts
and a smile upon her face
now you know who'd get the base???
are you
now you know who'd get the bees???

as raw as your mind
just raw offer each time with the market wine???

Benny walked a crooked mile
Benny copped in for the pie
and a spoon upon the plate
now you know who take your place
are you
now you know who take your place

as far raw as your mind
just raw offer each time with the market lie???

so, so a tap it thought
he hid the pass beneath the floor
it's the dice until it stained
now you know who took the face
are you
now you know who took the face

as far raw as your mind
just far offer each time
and raw, raw to defy with the market line???
