

## Walkin' Away

Clint Black

Walkin' away I saw a side of you  
That I knew was there all along  
And that someday I'd say goodbye to you  
'Cause one right can still make two wrong  
Not for each other, not from the start  
The difference was day and night  
My finest hour spent here with you in the dark  
Was just before I saw the light  
It's the people who want love and the people who need love  
Who find love on the way  
I'll be lookin' for someone 'til I find the right one  
Then I won't be walkin away  
Now that I know what I'm tryin' to find  
There's only one place it could be  
So I'm lookin' ahead, I've stopped lookin' behind  
For someone who's lookin' for me
