

Devil Leather

Clint Lowery

You know, I keep pushing you out
Yeah, I've been dancing here with demons
Crawling out of fire now
And I keep on singing all the darkest lullabies
I'll ride until we die
I'll ride until we die

Send them all I'll cut them down
I'll change the world without you now
You don't belong, oh no, you don't

There's no reason for me to believe
Cuz I've seen way too many seasons
We constantly devour life
I killed the coward in me
And I'm still breathing, yeah, I'll ride until we die
I'll ride until we die

Send them all I'll cut them down
I'll change the world without you now
You don't belong, oh no, you don't

So send, send them all won't you?
Send them all I'll cut them down
I'll change the world without you now
So send, send them all won't you
You don't belong, oh no, you don't

I never felt this good to carry on
I found the will alone

So send them all won't you?
Send them all I'll cut them down
I'll change the world without you now
So send them all won't you you don't belong, oh no, you don't
So send them all won't you you don't belong, oh no, you don't
