

Tell me what you wanna see
I'll see you in your dark and wildest dreams
I hear you calling, I'm haunted
There's always something wrong behind those eyes

I don't know what you need. No you wouldn't believe
What the hell I've done to keep you alive
My precious light
I'll hold it close till the day I die

You've gone too far, you know I'll never let you go, oh no
It blows my mind, I'm here no matter what you want

Blame, everything on me, you know it's alright
I know you want a beautiful life
You're the one thing
That makes my heart sing in the fire

I don't know what you need. No you wouldn't believe
What the hell I've done to keep you alive
My precious light
I'll hold it close till the day I die

You've gone too far, you know I'll never let you go, oh no
You've gone too far, you know I'll never let you go, oh no
It blows my mind, I'm here no matter what you want

Oh no, don't know where we're going
Oh no, with all that you've done
Beauty fades, like wind and rain
But I won't

You've gone too far, you know I'll never let you go, oh no
It blows my mind, I'm here no matter what you want
You've gone too far, you know I'll never let you go
It blows my mind, I'm here no matter what you want
