

# i don't want to watch the world end with someone else

Clinton Kane

Empty streets now, where used to love, our  
Hearts out but now I'm dancin' all alone  
Scared to go out on my own  
This calmin' feeling faded into anxious breathin'  
In the places we were happy once  
Stuck inside but never home

And if I lose it all, in the blink of an eye  
Like a fire burnin' out in the night  
And my hearts stops beatin'  
But something's screamin'

And I, wish we didn't say goodbye  
'Cause we're just standin' still  
And I don't really know, what tomorrow holds  
But I've, I've finally realized  
If this is our last goodbye until we're gone  
Who cares about the wrongs we 'cause ourselves  
'Cause I don't want to watch the world end with someone else

Fallin' deeper, deeper into hopeless thinkin'  
Remember when you pulled me out  
Wishin' you would come around again  
When the room goes quiet  
I'm hit with regret like a riot  
Reminds what I really want  
But have waited for too long?

'Cause if I lose it all, in the blink of an eye  
Like a fire burnin' out in the night  
And my hearts stops beatin'  
But something's screamin'

And I, I wish we didn't say goodbye  
'Cause we're just standin' still  
And I don't really know, what tomorrow holds  
But I've, I've finally realized  
If this is our last goodbye until we're gone  
Who cares about the wrongs we 'cause ourselve  
'Cause I don't want to watch the world end with someone else

Oh-oh, oh-oh, oh  
World end with someone else  
Oh-oh, oh-oh, oh  
World end with someone else  
Oh-oh, oh-oh, oh  
World end with someone else  
Oh-oh, oh-oh, oh  
World end with someone else
