

## miserable

Clinton Kane

Where'd you go how are you love  
Packed up your bags and left your t-shirt on the floor  
I wrote you letters I keep in my drawer  
Now every morning I don't wake up to the sound of your voice

But I hope you find what you're missing

Is this the ending of us thought you were it from the start  
I'll always love you even if you end up moving on  
I'm stuck alone living our past I know that's all I'll ever have  
I'm scared I'll never get through loving you but I gotta let you go  
I gotta let you go

I put your t-shirt on my bed but I'm sleeping alone  
Wondering if you are out again or if you're at home  
Steady breathing in the night just to get through the moment  
Should've known that when we ended I couldn't let go

I'm jealous of anybody that can forget ya  
I'm just trying to  
Am I selfish for wanting to go back where we left it even though we're through

I can't help it that I'm stuck in my head over you  
Wondering if any part of you feels this too  
I hope you're happy cause I'm so damn miserable  
And I can't stop loving you even if you move on

Don't wanna think about you  
But I'm still holdin' on to  
Don't wanna think about you  
All of the memories when you were around burn to ground

I can't help it that I'm stuck in my head over you  
Wondering if any part of you feels this too  
I hope you're happy cause I'm so damn miserable  
And I can't stop loving you even if you move on
