

ONE MORE DAY WITH YOU

Clinton Kane

My days are getting cold and lonely
I watched the pages fall from our story
I wish I could keep you from going
Now it's too late to say I'm sorry

It hurts too much
To let you go
And I'd trade the world to have just one more day with you
And I'm too young
To lose my heart
And I'm trying hard to be okay
But I don't want to feel this anymore

We used to sit on the couch till six in the morning
Watching the day go by with no worries
And everything unspoken but still our favorite moment
And that was the last time I saw you happy

It hurts too much
To let you go
And I'd trade the world to have just one more day with you
And I'm too young
To lose my heart
And I'm trying hard to be okay
But I don't want to feel this anymore

Can't let you go
Can't let you go
Can't let you go
I can't let you go
Can't let you go
I can't let you go

It hurts too much
To let you go
And I'd trade the world to have
Just one more day with you
And I'm too young
To lose my heart
And I'm trying hard to be okay
But I don't want to feel this anymore
Anymore
I don't want to feel this
And I don't want to feel this anymore
