Turn that bitch up
I'm just trying to spit my raps
And get my dick sucked

Trying to get bucks
So I could spend them on
Something to put in this cup
Fill me up, gas tank on E
And so is she
And so may we
Menage a three
Or is it really six of ya?

Double vision and listen, ahhh-

Bitch say she wanna keep her throat warm
I told her better drop it low as it go
This sterno is no norm
Well drink and I need to see something, baby
How to go get it is nothing, baby

These chicks say they're from Oslo
Brought white girl by the Costco
I said I like mines raw, though
