

It happens on a Monday, out of the blue
Happens on a Wednesday, late afternoon
When I'm out on Friday and Saturday too
Every second, every minute, every day no matter what I do

No matter what I do
Every second, every minute, every day

Can't stop thinking about you baby, 24 hours
Can't stop thinking about you baby, 24 hours

Met you a Sunday hanging out at the bar
Should've got your number but never got that far
All it took one drink and I was drunk in love
Every second, every minute, every day I wonder where you are

I wonder where you are
Every second, every minute, every day

Can't stop thinking about you baby, 24 hours
Can't stop thinking about you baby, 24, 24

24, 24, 24 hours
24, 24, 24 hours
24, 24, 24 hours
24, 24, 24 hours

24 hours

Can't stop thinking about you baby, 24 hours
Can't stop thinking about you baby, 24, 24

24, 24, 24 hours
24, 24, 24 hours
24, 24, 24 hours
24, 24, 24 hours
