

# Anything

CLMD

I been lost  
Yeah, I've been gone  
'Cause every day I turn the pages  
And I pray I see you again  
'Cause I need you  
But I don't know  
If you feel the same, some type of way  
I'll be your bae, I'm not playing games

'Cause I'll do  
(Anything you wanna)  
(Anything you wanna)  
'Cause I will do (Anything you wanna)  
Anything  
(Anything you wanna)  
(Anything you wanna)  
'Cause I will do (Anything you wanna)  
Anything

I'm feeling some type of way  
But this ain't been taking me anywhere  
I'm tryna move up and away  
But can't see the vision in any air  
Like let me have all of it or let me do me  
And we can be anything if we just chose it

Ride with a brah like me  
Walking these miles with a brah like me  
Feeling like fire with a brah like me  
When you're holding it down with a brah like me  
Try and grow old with a brah like me  
Put it on hold for a brah like me  
Let it all go for a brah like me  
Fuck what you know about a brah like me

I don't know, can't get enough of you  
When I look at you, I just wanna fuck with you  
I mean look at you, damn you're beautiful  
You're unusual, nobody look like you  
You were sent from the stars to me  
Just can't believe 'cause we meant to be  
You is a freak, exactly the type I've been seeking  
Get free and we can just do anything

(Anything you wanna)  
(Anything you wanna)  
'Cause I will do (Anything you wanna)  
Anything  
(Anything you wanna)  
(Anything you wanna)  
'Cause I will do (Anything you wanna)  
Anything

I'd do anything, anything, anything  
I'd do it all for you  
Yeah  
I'd do anything, anything, anything

I'd do it all for you  
Ay
