DANCE

CLMD

All I ever wanted was to dance
I wanna dance

I've paid my bills on time
I've been working hard
Always done my best
I've always played my part
All these gloomy days
I just watched them pass
When all I ever wanted

Was to dance, move my feet
Go on rocking to the beat
Take a chance, rock it, man
Just like I'm in a band
I wanna dance, move my feet
Go on rocking to the beat
Take a chance, rock it, man

All I ever wanted was to dance (hey)
I wanna dance
All I ever wanted was to dance (hey)
I wanna dance tonight
I wanna dance
All night

Now I work all day
I even wear a suit
There was a misty gray
I missed the awful through
I'm wasting all my time
Just working for the man
When all I ever wanted

Was to dance, move my feet
Go on rocking to the beat
Take a chance, rock it, man
Just like I'm in a band
I wanna dance, move my feet
Go on rocking to the beat
Take a chance, rock it, man

All I ever wanted was to dance (hey)
I wanna dance
All I ever wanted was to dance (hey)
I wanna dance tonight
I wanna dance
All night

But it's never too late
I'm gonna turn this ship around when I get paid
I'm gonna leave this goddamn job and finally
Just listen to myself
Don't care 'bout nobody else but me

I'm gonna dance all night
I'm gonna dance all night

I'm gonna dance all night
Dance all night
I'm gonna dance all night
All I ever wanted

Was to dance, move my feet
Go on rocking to the beat
Take a chance, rock it, man
Just like I'm in a band
I wanna dance, move my feet
Go on rocking to the beat
Take a chance, rock it, man

All I ever wanted was to dance (hey)
I wanna dance
All I ever wanted was to dance (hey)
I wanna dance tonight
I wanna dance
All night
