

# Slow Me Down

CLMD

I'm in the fast lane but I can't go fast enough  
I know I'm speeding once again  
But I got too much going on, I'm running late  
So I keep going round the bends

Too many promises to keep  
It's all for nothing, all for nothing  
Too little time, too little sleep  
It's all for nothing, when all I need

Is someone to slow me down, slow me down  
I need someone to slow me down  
Slow me down, slow me down  
I need someone to slow me down

Slow me down  
I need someone to slow me down

Promised forever in the backseat of your car  
But I lost you on the way  
And ever since, I've been searching for someone  
Someone like you to keep me sane

Too many promises to keep  
It's all for nothing, all for nothing  
Too little time, too little sleep  
It's all for nothing, when all I need

Is someone to slow me down, slow me down  
I need someone to slow me down  
Slow me down, slow me down  
I need someone to slow me down

Slow me down  
I need someone to slow me down

Ooh, ooh, ooh  
Ooh, ooh  
I need someone to slow me down

I need someone to slow me down (Ooh, ooh)  
I need someone to slow me down (Oh, ooh)  
I need someone to slow me down (Ooh, ooh)  
I need someone to slow me down
