

## Stronger

CLMD

Strong enough  
To push your love away  
But your human touch  
Is pulling me into your arms again

If I step on this brake  
I'ma drop outta this chase  
Got my eyes on your waist  
Can't feel the sun's touch on my face  
I'm just like just Adam you be my Eve  
Sacrifice it off of your sleep  
And I'm just fighting temptation to stop

When you get on top  
(Hold me, feel me, love me)  
When you get on top  
(Hold me, love me, feel me)  
When you get on top

On top of me  
Just make love to me (Make love to me)  
Ooh, on top of me (Baby, I love it when you...)  
Just make love to me

If I step on this brake  
I'ma drop outta this chase  
Got my eyes on your waist  
Can't feel the sun's touch on my face  
I'm just like just Adam you be my Eve  
Sacrifice it off of your sleep  
And I'm just fighting temptation to stop

When you get on top  
(Hold me, feel me, love me)  
(I love) When you get on top  
(Hold me, love me, feel me)  
When you get on top  
(Hold me, feel me, love me)  
When you get on top  
(Hold me, love me, feel me)  
Ooh, when you get on top

Strong enough  
To push your love away  
But your human touch  
Is pulling me into your arms again
