

Take Care

CLMD

All I wanna do
Is take care of you (oh)
All I wanna do
Is take care of you (oh)

And all I wanna do
Is take care of you (oh)
All I wanna do
Is take care of you (oh)

A kiss from a stranger
Your velvet jacket on my floor
I'm late for a dinner
But I'm obsessed with you more
You're in the shower
You say to me
Take off all your clothes
I would say I love you
But butterflies stuck here in my throat

And all I wanna do
Is take care of you
And all I wanna do
Is take care of you

All I wanna do
Is take care of you (oh)
All I wanna do

All I wanna
