

The Truth

CLMD

I've been up, I've been down
I can't get you off my mind
No it's just you, oh it's just you
I've been left, I've been right
But I just cannot deny
When that's the truth, yeah that's the truth

I've been up, I've been down
I can't get you off my mind
No it's just you, oh it's just you
I've been left, I've been right
But I just cannot deny
When that's the truth, yeah that's the truth

I've been up, I've been down
I can't get you off my mind
No it's just you, oh it's just you
I've been left, I've been right
But I just cannot deny
When that's the truth, yeah that's the truth

I've been up, I've been down
I can't get you off my mind
No it's just you, oh it's just you
I've been left, I've been right
But I just cannot deny
When that's the truth, yeah that's the truth

We've been cold, now we're hot
We've been broken, now we're not
Yeah we came through, that's what we do
Side to side, day and night
I just love this crazy ride
Oh yeah with you, that's what we do

We've been cold, now we're hot
We've been broken, now we're not
Yeah we came through, that's what we do
Side to side, day and night
I just love this crazy ride
Oh yeah with you, that's what we do

I've been up, I've been down
I can't get you off my mind
No it's just you, oh it's just you
I've been left, I've been right
But I just cannot deny
When that's the truth, yeah that's the truth

I've been up, I've been down
I can't get you off my mind
No it's just you, oh it's just you
I've been left, I've been right
But I just cannot deny
When that's the truth, yeah that's the truth

That's the truth, yeah that's the truth

That's the truth, yeah that's the truth
