

# Wide Awake

CLMD

Know I just met you but I think I'm falling hard for you  
It's getting late, I wanna stay, I see you feel that too  
Many people come and go but there are very few  
That get me feeling like I'm feeling when I'm here with you

I'm wide awake 'cause you got me dreaming  
Suddenly it all seems clear  
I wanna stay 'cause you got me wondering  
I'm wide awake, I wanna know...

That I'll see you again  
See you again  
Will I see you again?  
And I'm not gonna go till I know  
That I'll see you again

I'm wide awake  
I'm wide awake  
I'm wide awake  
I'm wide awake, I wanna know

Know I just met you but it seems that I have known your eyes  
Another day, another place, somewhere in our past lives  
Know it sounds crazy but I'm sure that deep inside my mind  
There's a feeling like I've know you baby all my life

I'm wide awake 'cause you got me dreaming  
Suddenly it all seems clear  
I wanna stay 'cause you got me wondering  
I'm wide awake, I wanna know...

I'm wide awake  
I'm wide awake  
I'm wide awake  
I'm wide awake, I wanna know

That I'll see you again  
See you again  
Will I see you again?  
And I'm not gonna go till I know  
That I'll see you again

I'm wide awake  
I'm wide awake  
I'm wide awake  
I'm wide awake, I wanna know

That I'll see you again  
See you again  
Will I see you again?  
And I'm not gonna go till I know  
That I'll see you again
