

Sky Vs. Ground

Close Your Eyes

Gather up the stones
We're heading out tonight
This makes the
Before daylight
And all the things you have done
I have forgotten now
As long as I

So brace yourself
I'm coming in
It's in your head
To make this hurt
So brace yourself
I'm coming in
It's in your head

The sky is falling
But I'll hold it up for you
The sky is falling
To the ground

So brace yourself
I'm coming in
It's in your head
To make this hurt
So brace yourself
I'm coming in
It's in your head

And it's alright to just let go
And it's alright to just let go

And it's alright to just let go, just let go
And it's alright to just let go, just let go
(It's alright to just let go)
And it's alright to just let go, just let go
(It's alright to just let go)

I won't just let go, I won't just let go

And it's alright to just let go, just let go
And it's alright to just let go, just let go
Just let go
