

## Better Way

### Closure in Moscow

Like a ghost, I'm nothing but a whisper  
On the wind, that you don't hear  
Skin and bones, I wouldn't even leave them  
If I found a way to disappear

So, I'll pace around inside all the memories  
Of a time when I felt alive  
And I can't keep waking every day  
Wishing you were by my side

There must be a better way  
There must be a better way  
Tear my body open wide - I'm open wide  
When I'm dancing with the dead  
I just killed another night  
But my love's gotta show me a better way

Like a ghost, I'm praying for a vision  
Of your face, soft and clear  
Open wounds; I'll never stop 'em bleeding  
When I catch myself back in  
The dark night of my soul, down by your lake  
Where I had left your garden razed  
Now, I am lost there in its maze  
With every thorn you faced

So, I'll pace around inside all the memories  
Of a time when I felt alive  
And I can't keep waking every day  
Wishing you were by my side

There must be a better way  
There must be a better way  
Tear my body open wide - I'm open wide  
When I'm dancing with the dead  
I just killed another night  
But my love's gotta show me a better way

The beast will howl and wear that crown  
From a demon cloud, the tears rain down  
And every day is another one  
You are never gonna see at all

The beast will howl and wear that crown  
From a demon cloud, the tears rain down  
Well, every day is another war  
That you are never gonna see at all

When the days are holding me  
Just like a tourniquet  
The sun goes down; I shiver  
I kill another night, oh, why?

You'll never leave  
And you're the sinking in my belly, now  
Another night away  
I kill another night away

You'll never leave  
And you're the sinking in my belly, now

There must be a better way  
There must be a better way  
Tear my body open wide - I'm open wide  
When I'm dancing with the dead  
I just killed another night  
But my love's gotta show me a better way

Am I brave enough to keep living  
When I'm on the edge, tonight  
And I'll never find a way home?

Gotta be braver than what I'm feeling  
'Cause I'm on the edge, tonight  
And I'll never find a way home
