

Keeper of the Lake

Closure in Moscow

There was a time I thought you might
Be finished with the taste of blood
I tried to fight doubt in my mind
But you proved me right
When you threw it all away
And your light went out, my light went out
But in the dark I've grown and gone without, oh

When it pulls me down and you got nothing to lose again
I don't even know why I try
Gonna pull me down and I won't come up for air again
You're never gonna change, just pull me down until I'm

Drowning in the deep end
Trying to love you more
(But every time it's the same as the time before)
I found the devil in the detail
Preying on my soul, it's painful to be faithful

All of the games you try to play have been playing over in my mind
But I won't spill your blood in the wine, don't wanna fight (Don't wanna fight)
Spinning out of control, and I don't have the time

When it pulls me down and you got nothing to lose again
I don't even know why I try
Gonna pull me down and I won't come up for air again
You're never gonna change, just pull me down until I'm

Drowning in the deep end
Trying to love you more
(But every time it's the same as the time before)
I found the devil in the detail
Preying on my soul, it's painful to be faithful

(Preying on, preying on my soul, preying on)
Yeah, you pull me down until I'm
(Preying on, preying on my soul)
While you're drowning in the deep end

Water in my lungs just gonna free me from breathing
The surface has nothing but the fear that I'll be leaving and so it goes
(Drowning in the deep end trying to love you more)
But every time it's the same as the time before
(Trying to love you more) Time before
(Just to love you more) And you pull me down until I'm

Drowning in the deep end
Trying to love you more
(But every time it's the same as the time before)
I found the devil in the detail
Preying on my soul, it's painful to be faithful

(Preying on, preying on my soul, preying on)
Yeah you pull me down until I'm
(Preying on, preying on my soul)
While you're drowning in the deep end

Water in my lungs just gonna free me from breathing
(Yeah, you pull me down until I'm)
The surface has nothing but the fear that I'll be leaving
(Yeah, you pull me down until I'm)
Water in my lungs just gonna free me from breathing
(Pull me down until I'm)
The surface has nothing but the fear that I'll be leaving, oh oh

And when you're back to drag the lake
Just like before
I won't be coming up for air
I'm caught in the undertow
Water in my lungs just gonna free me from breathing
(Yeah, you pull me down until I'm)
Surface has nothing but the fear that I'll be leaving
(And you pull me down until I'm)

Yeah, you pull me down until I'm
