Lock & Key

Closure in Moscow

All my friends are strangers
I make myself look happy
But I'm tangled and I'm tired
Trying to run away but I don't even know the way
And if I lived a million days I could be lost for centuries

Cause in my bones I still belong to you
And you don't know what I go through
When the hope won't die inside of me

I'll keep it under lock and key
Blinded by the light, yes I'm
Blinded by the light you used to see
Blinded by the light, yes I'm
Blinded by the light

Talking to you every day
With words you'll never hear me say
Thinking of the time you said you thought that we were destiny

So tell me what's a man supposed to do
When he finds too late his love was true?
The ring I bear for you burns a hole in me

I'll keep it under lock and key
Blinded by the light, yes I'm
Blinded by the light you used to see
Blinded by the light, yes I'm
Blinded by the light

Keep it under lock and key, oh
I kissed your lips the day you left
But maybe you were caught up in the moment
I thought I could taste the truth
But maybe I refuse to read the signs

It's too late for all my faith in how we could be
Still I'll keep it safe forever more

I'll keep it under lock and key
Could be lost for centuries
Blinded by the light, yes I'm
Blinded by the light you used to see
Blinded by the light, yes I'm
Blinded by the light

(Blinded by the light you don't see
Blinded by the light you don't see
Blinded by the light you used to see
Blinded by the light you don't see
Blinded by the light you don't see
Blinded by the light you don't see
Blinded by the light you don't see)
