

## The Fool

### Closure in Moscow

...and now we find the fool cantankerously pantless and  
laughing on the apex of his own lonely apeshit holiday  
He 5D polygone off the metatrail, straight up marooned...  
Can't you see it's backwash revelry?

It's a new day for the fool today  
Kick it off with old habits and licking cunt for kicks  
He wants a big ole slice of heaven, but he can't see past the p  
ie  
Watch him try...
