

## Beast Of Love

Cloud Control

Yes it's always been your smile,  
Fills the void between the light,  
Feel the voices in the wild,  
Waiting for the beast of love to kill,  
Searching seeking until,  
Ohhhhhhhhhhh

Let it breathe and give it time,  
When there's nowhere left to hide,  
Love is foolish yet worthwhile,  
Waiting for the beast of love to smile,  
Never seeing past his teeth until,  
Ohhhhhhhhhhh

You are all I needed, you are all I need. [X2]

You are all I needed, you are all I need. [repeat until end]
