

Feeling free
To see with other eyes
Now I'm looking for a clearer mirror
Really real
A ghost behind the eyes
How can I hold a vision now

Moon rabbit
I'm not crazy
Moon rabbit
You're the one that's crazy

Lay us down
And bum the candles out
Will you let beauty be an answer now
I thought I saw
But see I only thought

How can I hold a vision now

Moon rabbit
I'm not crazy
Moon rabbit
You're the one that's crazy

I love drifting
Every day like a celebration
You can follow me
Into a midnight vision

Moon rabbit
I'm not crazy
Moon rabbit
You're the one that's crazy
