

Summer Rave

Cloud Control

She's been lying what's her name
Don't forget she's an angel
Traveling, numbering
Those days are gone, the sun is setting

Summer rave, no regrets
Maybe that sun has set
Summer rave, no regrets
Maybe that sun has set
Sun is set

When I'm high, you're my friend
When I'm low, you're an angel
Maybe we should get a dog
I don't want to get a job

Summer rave, no regrets
Maybe that sun has set
Summer rave, no regrets
Maybe that sun has set
The sun is set, yeah

Oh, summer rave, no regrets
Maybe that sun has set
Summer rave, no regrets
Maybe that sun has set

Two thousand miles, a thousand times
I wanna spend my money again
And if I die before I wake
Mom and Dad, well, that's okay, anyway

Sun is set
Sun is set
Sun is set
Sun is set
Sun is set
Sun is set
Sun is set
Sun is set
Sun is set
Sun is set
