

This Is What I Said

Cloud Control

Ozone made of atoms
in the atmosphere.
I was made out of atoms
in the at-
and this is what I said:

Yah, yah yah yah yah
Yah, yah yah yah yaaah

She said
Can you feel?
The tangible chill?
Can you feel?
The tangible chill in the air?

Is it here?
Or is it there?
Is it where?
Where is it?
I dunno,
because I don't

Care, yah yah yah yah
Yah, yah yah yah yah

Soul
Is what I've got
I know it's not much
But whatever it is it's mine

Can you feel
the tangible chill?
Can you hold it to you?
Is it real?

oh yeah oh yeah yeah yeah

Yah, yah yah yah yah yah
Yah, yah yah yah yah yah

Soul
Is what I've got
I know it's not much
Whatever it is it's

Soul
Is what I've got
I know it's not much
Whatever it is it's mine

Yah, yah yah yah yah
Yah, yah yah yah yah.
