## 6 Days To Madness

Cloud Cult

```
Compare the 6 days of the book of Genesis,
to the 4 billion years of geologic time
on this scale, 1 day equals about 666 billion years
```

all day Monday, until Tuesday noon creation was busy getting the earth going life began on Tuesday noon and the beautiful organic wholeness of it developed over the next 4 days.
at 4 P.M. Saturday, the big reptiles came 5 hours later, when the redwoods appeared there were no longer big reptiles
at 3 minutes before midnight, man appeared
one-fourth of a second before midnight, Christ revolted one-fortieth of a second before midnight, the industrial revolu tion began
we are surrounded by people who think
that what we have been doing for
one-fortieth of a second can go on indefinitely
they are considered normal,
but they are stark, raving, mad.
