The Girl Underground

Cloud Cult

Freddy fell in love with a girl underground He was only 8 years old when he started digging down Singing "I love you more than you know"

Mother said "Fred, people underground are dead You've never even seen her, something's wrong with your head And I love you more than you know"

Freddy disappeared when he was 80 years old Still digging for his lover in a bottomless hole Singing "I love you more than you know"

Some say he's still digging, others say his love is found You can still hear him singing, put your ear to the ground

Listen: "I love you more than you know"
