

## A Silent Reaction

Cloud Nothings

I haven't seen you in days  
You're staying so far away  
Yeah I don't know if there is any attraction  
I try to open a way  
For you to say anything  
But then you hit me with a silent reaction  
I'm getting tired of this town  
And you can't tell me somehow  
If you are even gonna be here in the morning  
Well there's no lock on the door  
To keep you here anymore  
Yeah you can leave if you don't like what is happening

I'll look when you go away this time

I left my key in the door  
But I could never be more  
Embarrassed of the way you said I was acting  
I made a fool of it all  
You wouldn't answer my call  
I think it's time for you to get what you're asking  
Yeah it's unfortunate shame  
That I can take all the blame  
That I was never gonna be the way you wanted  
Yeah you have left me before  
But this is something more  
And I have never seen you look more excited

Anyone else would be a burden for you
