

I'd Get Along

Cloud Nothings

If something would happen
If something would happen with me
If something would happen
If something would happen with me

I'd get along
I'd get along
I'd get along
I'd get along

If something would happen
If something would happen with me
If something would happen
If something would happen with me

I'd get along
I'd get along
I'd get along
I'd get along
