

# Nothing Without You

Cloud Nothings

Right now you see me  
But I'm moving slow  
Life keeps repeating  
At home after home

Is anyone ever born to rise  
I fought another alone  
They don't mean to keep you here  
But why you going out on your own?

But it's hard for me to know that  
It's hard for me to know that

There's nothing without you  
There's nothing without you  
There's nothing without you  
Yeah, my heart can talk and beat for you  
There's nothing without you  
Yeah, my heart can talk and beat for you  
And you  
Wouldn't be anyone new

Right now you want me  
But soon you'll know  
We'll both be leaving here  
And going home

I wanted someone to help me out  
I never wanted to fall  
You found the side of me that  
I thought I couldn't have known

But it's hard for me to know that  
It's hard for me to know that

There's nothing without you  
There's nothing without you  
There's nothing without you  
Yeah, my heart can talk and beat for you  
There's nothing without you  
Yeah, my heart can talk and beat for you  
And you  
Wouldn't be anyone new

There's nothing without you  
Yeah, my heart can talk and beat for you  
(Oh, my heart will be the answer)  
There's nothing without you  
Yeah, my heart can talk and beat for you  
(Oh, my heart will be the answer)  
There's nothing without you  
Yeah, my heart can talk and beat for you  
(Oh, my heart will be the answer)  
There's nothing without you  
Yeah, my heart can talk and beat for you  
(Oh, my heart will be the answer)  
I just want you
