

## On An Edge

## Cloud Nothings

Can't remember a name  
Only know what they say  
I need something to do  
I need a clean break  
Living day to day  
Waiting life away

I waste my time  
I wasted time  
I wasted time, time, time, time  
I wasted time, time, time, time

Can't remember a name  
Only know what they say  
I need something to do  
I need a clean break  
Living day to day  
Waiting life away

I waste my time  
I wasted time  
I wasted time, time, time, time  
I wasted time, time, time, time
