

## On The Chain

## Cloud Nothings

Do you dream about the world you know?  
Do you care to change a thing at all?  
Do you worry about what you have?  
Do you have enough to worry at all?

Oh, you could probably wait for days  
If you wanna be on the chain  
I don't know if you feel the same  
I know nothing at all, but

Do you dream about the world you know?  
Do you care to change a thing at all?  
Do you worry about what you have?  
Do you have enough to worry at all?

If you're trying to save me  
Know I am trying the same thing  
And if you're trying to save me  
Know I am trying the same thing  
And if you're trying to save me  
Know I am trying the same thing  
And if you're trying to save me  
Know I am trying the same thing
