

# Stay Useless

## Cloud Nothings

Can I see  
What's going wrong with me  
I use to have it all now I'm alone  
I'd never say  
I'm better off this way  
I need something to do somewhere to go

I need time to stop moving  
I need time to stay useless  
I need time to stop moving  
I need time to stay useless  
I need time to stop moving  
I need time to stay useless  
I need time

Can I feel  
So utterly unreal  
Like nothing I could do would make things change  
I'm stuck in here  
And I'm tired of everywhere  
I'm never gonna learn to be alone

I need time to stop moving  
I need time to stay useless  
I need time to stop moving  
I need time to stay useless  
I need time to stop moving  
I need time to stay useless  
I need time

oh oh oh oh [x4]

I need time to stop moving  
I need time to stay useless  
I need time to stop moving  
I need time to stay useless  
I need time to stop moving  
I need time to stay useless  
I need time
