

The Spirit Of

Cloud Nothings

Who am I to be living and learning?
Who am I to be living and learning?
Oh, oh, oh, under your love in the spirit of
Oh, oh, oh, under your love in the spirit of

Who am I to be? I'd rather have fallen
Who am I to be? I'd rather have fallen
Into my way out
My way out
My way out
My way out

Who am I to be living and learning?
Who am I to be living and learning?
Oh, oh, oh, under your love in the spirit of
Oh, oh, oh, under your love in the spirit of

Who am I to be? I'd rather have fallen
Who am I to be? I'd rather have fallen
Into my way out
My way out
My way out
My way out
My way out
My way out
My way out
My way out

Under your love, under your love
Under your love in the spirit of
Under your love, under your love
Under your love in the spirit of
Under your love, under your love
Under your love in the spirit of
Under your love, under your love
Under your love in the spirit of

Of my way out
Of my way out
My way out
My way out
