

Feel My Need

Clout

I tried to go alone
To make it on my own
It's no good to pretend
I can do without you

Lonely days, lonely night
All I think of is you
Feel my need
Feel my need

I try to clear my mind
To leave you far behind
I don't know why I tried
To forget about you

Through the day, through the night
I don't know what to do
Feel my need
Feel my need

I need you, can't deny it
Won't you feel my need?
I need you, we can try it
Won't you please take me?

Can't you feel my body aching?
Can't you feel my heart is breaking
Can't you feel it?
Feel my need

I've been to movie shows
To cabarets and discos
Every face in the crowd
Just reminds me of you

Every place that I go
Brings a memory of you
Feel my need
Feel my need
Feel my need
Feel my need
Feel my need
Feel my need
Feel my need
Feel my need
Feel my need
