Return of the Passover

Cloven Hoof

Part 1 - The Coming

he comes forth spanning starways That sinners may live in fear Retribution, marks this eve day The hour of vengance draws near

Dark angel of our destruction Mounted on black winged steed Irresistably anhialating All bearing malice, lust or greed

Chrous

Dawns now the death dealer Atomising soul stealer Inflicting damnation unto he that spurns salvation

Earthly resistance, proves futile No mortal force can halt this man Evil minions meet extinction By making mockery of the heavenly

His mission is that of deliverance Seeking repentance from all In a world plaqued by Violence And Deception where the weakest, surely fall

Chrous

Part 2 - Executional Redemption

Those exempt of compassion Devoid of trust Ashes to ashes Dust to dust

Cleansing all sins
Dispersing all pain
Question not his judgement
Defy not his reign

Repeat First Verse

Repeat Chrous

Part 3 - Cold Reign

The ancients have told, of the first passover They felt ones power, in centuries past

Now we live in his dreaded shadow Never heeding when, the die was cast
