

Glowing in the Dark

Cloverton

Wake up sleeper
Lift your head
We were made for more than this
Wipe the slumber from your eyes

Set us free and set a fire
Light a spark and run it wild
There's no stopping when it starts
We'll be glowing in the dark

In my heart and in my bones
Into cities, into homes
Bowls and bushels can't contain
The fluorescence of this flame
It's a light that can't be tamed

So make your move yeah make your mark
Go on glowing in the dark

And we'll be glowing in the dark
We'll be shining out from on the mountaintop

We'll be singing loud no matter where we are
We'll be going in, glowing in
Going in, glowing in the dark

We're going in
We're glowing in the dark and we are going in
We're glowing in the dark and light has broken in
We're glowing in the dark and we are going in
We are glowing in the dark
