Beast

CLOVES

Heart break hour
Stalking me
Love gone sour
I'm your beast

Throw your shame
Over me
Take your aim
Clench my teeth

I'm the only one
That'll wish you well
Then do you harm
And give you hell

Your dead debris
By my side
Reality
Is you've expired

I'm the only one
That'll wish you well
Then do you harm
And give you hell

And give you hell

Heart break hour
Stalking me
Love gone sour
I'm your beast
