

Give Me Nothing

CLOVES

Guaranteed to let me down
Slowly does the trick to cut me out
Everywhere I go
I See you different now
Bide my time and you loose face
Never heard nothing I had to say
And everywhere I go
I see you different now

Your silence is deafening
If you could just take the call
Cause your tearing me upside down
And giving me nothing at all

Give me, give me
Go on give me nothing
Go on (yeah)

Giving me, giving me nothing
Go on give, go on give me nothing (yeah)
Go on give, go on give me things
Go on give, go on give me (na) nothing
Give me nothing
(Give me nothing)

Bitter is the hurt you bring
Why you feed into your sunken thing
I think I really know, I do
Think I know you now

Your silence is deafening
If you could just take the call
Cause your tearing me upside down
And giving me nothing at all

Give me, give me
Go on give me nothing
Go on (yeah)

Giving me, giving me nothing
Go on give, go on give me nothing (yeah)
Go on give, go on give me things
Go on give, go on give me (na) nothing
Give me nothing
(Give me nothing)
